What's going on? Why are you so careless? What if you had caused Miss Lu to fall?
But the wheel has broken and cannot move for a while!
Don't panic. We'll walk around and see if there are any people that can help

Well, we're not in a hurry to return.
If I had known, I wouldn't have hired that carriage. How distressing!

Wait for me here for a bit.
Nod

What a familiar atmosphere.....

U17.com

Excuse me
Is anyone home?
Big Brother is not home!
There's only me.
Then I won't bother you

咔！
Big Brother!!
Great! You've finally returned!!
Sorry to bother you. Our carriage broke at the crossing so we wanted to find someone to ask for assistance.
This is!
Then come in to rest your feet first!

This is newly-opened peach blossom wine.
It's very sweet!
Yunqing!
Didn't I tell you? Call me Father!
No!
You aren't my father!

.....
I've incurred your ridicule.
Call me bold, but you.....?
She...
is my friend's child.

A-Ouu, she...
A-Ouu!
Open up!
I won't believe it! I won't believe that you would marry someone else!!
We've had a wedding contract since childhood!
Who're you?
Shouting so blandly!

I don't know him. Send him away.
A-Ouu probably thought that I had no ambition But I just wanted to live a peaceful life.....
啊！
There was enough for food and clothing. So after all that time, I was still poor and lived off chopping firewood.

Later, a high official in the capital was discovered to be corrupted. The husband that A-Qiu married was also involved.
The men that were implicated were all shot
咚!
咚!
咚!
I'm here.
A-Lie!
Please! Help me and my child!
I can't bring her with me. She would definitely be dragged into this!

So you took her in?
I
was just afraid that if Yuangang followed me, she would suffer too many hardships and be unable to find a good family!
I won't go anywhere..... I want to stay with Big Brother forever.....
Huh?

Please! Save Big Brother!
Because of me, Big Brother was bitten by a wolf!
My head..... really hurts

They disappeared again?
Thirty years.....
have passed.. ...

This peach blossom wine was.....
buried the first time Big Brother and I met.....
If he had not come to save me, how would he have been bitten by a wolf and died with no money for treatment?
But.....

I lied to him.
Before his death, he told me to find a good family, but... I never married.
To you, he...
When you were born, I had not been born.
When I was born, you were already old.
吁!

唰！
North head
Wait..... you are?

I'm from the village ahead! I come often to bring Aunt Gang firewood!
You.....
Won't you say anything to her before you leave?
Push
Aunt Gang!
You've come

Have the peach blossoms opened? Could you pick one for me?
Sure!
啪!
This is.....

Huff.....
Huff.....
A dream?

It's just a dream...
Or have I.....
forgotten something?
